## Hosokawa stakes leadership on political reforms

> Export-led recovery in Germany is forecast

| By Guentin Peel in Bon |  |
| :---: | :---: |
| AN EXPORTLLED revival of the forecast yesterday by Mr canter Rexrodt, the country's economics of the D-Mark in the European monetary system. <br> Most economle indicators in the German economy strce th second world war had bottomed out and a gradual recovery was Resrodt said. <br> He forecast growth of 1.5 per cent for west German gross pared with a decine of the same amount this year. <br> He warned that unemployment was bikely to keep rising in Ger many to 4 m hy the end of the 1994. But he rejected calls for an expansion of job-creation schemes in east and west Germany <br> While expressing some concern about the revaluation of the German currency against other European Community currencies over the past year, be insisted that the prohlem should not be "over-dramatised He calculated the effect of the currency turmoll in Europe of the past year as an effective revaluation of the D-Mark hy 8. per cent against other EC currencies, and 11 per cent against all the currencies of the EC and member states of the European Free Trade Association put together. <br> At the same time, the revaluation meant cheaper imports. and the D-Mark had moved in the opposite direction against hoth the dollar and the yen - hy 13 per cent and 25 per cent respectively. Mr Rexrodt said the recent upwards movement of the |  |

## Mr Zhu's risk and reward

#### Abstract

v-aw watw 

\section*{A sceptical Bank <br> }

## Pricing drugs

| ON THE FACE of it the OK druzs industry has been let off lightly industry haterden's proposed fiveYear deal with the Depar menent of Health The 25 per cent price cut is less than might have been expected while there has been no tightening of the overall profit control mechasnism A 17 To 22 per cent target for rexur emploped is generous by comparison with the average 125 per cent eounned by Brtish industry as a whole. <br> But the pharmaceutical price in isolation In its attempt to con. trol the 53.4 br National Heafth Service drues bill - which is grow- ing at more than 10 per cent a yog at more - government has also curbed doctors' prescription budgets and is ertending ret backist of medicines it will refise to pay for on the grounds that they are too expensive or non nanessent has The latter plan in particlar has provoked cries of protest from the industry, wind it tional comperitiveness while harming patient care These complaints should, in the main, be dismissed. Althourug the NHIS's position as near-monopoly purchaser of prescription drues in to drive an excessively hard bargain, there is no evidence that it this way. Rather it has soueght to develop a long-term relationshig, micentical compamies to Invest in | kets earning $88 b n$ a year in erports. <br> But at a time when cost-cutting sector in order to contain the budget defticit. it is only right that the strain. To achieve this, it is legitimate for the government to refuse butt adequate substitutes are avain. able or where it themselves. What is betrig proposed is less drastic druan similiar in other countries such as Germany, where blackilis are docked if they exceed their prescription budgets. <br> In so far as there is valid criticism of the govarnmant's blacklists have been implemented, rather than the principle. Because there has been no clear explana- tion of how drugs will be chosen for the blacklist, the industry says it may not go to the expense and gories of drugs out of fear that they could be blacklisted, or their <br> To avoid this danger, it is important that the government sets out grach lists and reassures the industry that innovative new drugs wit will be able to continue its tricky balancing act of safeguarding White suyporting one of the fow of the world league. |
